

Gujarat: tribal embroidery, stepwells and more....

11-27 November, 2018

Lead by Fiona Wright and Praveen Nayak.

Our passion is fuelled by the creative side of life and Gujarat has a lot to make us excited, and so many things we would like to share with you.

The nomadic people of the far west have a rich history of fine embroidery and we will meet some of the people and organizations keeping it alive and thriving in the present day.

The history of textiles in this region can be traced back more than 5000 years to Lothal, later the manufacturing and trade in textiles lead to fabulous wealth, which paved the way for some amazing architecture.

We will be seeing many examples of present day textile practice, participating in workshops to enhance our skills and wandering bazaars looking for a good find.

Gujarat has more than just textiles to inspire though, magical spaces like step wells, medieval ghost towns and fantastical palaces stir the imagination. Add to this the contrast of bustling cities, peaceful countryside, The White Desert and an Indian seaside experience and there is a vast range of experiences awaiting you.

Indian cuisine is much more than you meet in an Indian takeaway and Gujarat is often seen as the pinnacle of her vegetarian cuisine, subtle, balanced and deliciously healthy, there will be many memorable meals to enjoy and the opportunity to pick up some tips from the cook at 15th Century Fort we will call home for a few nights.

Creative Arts Safaris tours are – art and culture based with a hands-on, get out and about type attitude.

- all inclusive utilising good quality mid-range up to flash accommodation and excellent dining experiences – *we look for atmospheric places to stay [off the beaten tourists trails where possible] always good, clean bathrooms, friendly service and comfortable rooms.*
- groups of 8-14 participants

These trips are not traditional package tours, rather it is hoped we can travel as a group of friends; Creative Arts Safaris have done the research, our tutor handles the artistic side and a host makes sure it runs smoothly; we all share our observations and knowledge along the way. [any info you pick up in preparation is easy to share with the group via the internet and helps you 'meet' the others too]

Notes

Weather – At this time of year is warm in the daytime but perhaps evenings and mornings can be cool; a cardigan and socks appreciated

Clothing – light weight layers of clothing is good. To respect local customs it is best for skirts or trousers to be mid-calf length at least, tops not too revealing. Light, loose layers work well with the climate. Generally I find 3 or 4 outfits sufficient, there is always the opportunity to pick up things along the way. Pack a pair of socks and cardigan for the cool of the morning.

Shoes – sensible walking shoes such as sneakers or strapped on sandals are the best options. Surfaces are often rough and you really want your footing stable so you can focus on all the wonderful things everywhere to look at! Pair of rubber thongs or flip-flops are good – often bathrooms are marble and can be slippery when wet.

Money – ATMs are everywhere so you can use a travel card, visa debit or credit advance easily. If you plan to use a card overseas DO warn your bank to expect overseas activity – some will freeze the card wondering what is happening.

Money changes can be found to change travellers cheques or currency.

Power – 240 volts, European adaptor plugs are the most useful.

Begging? – is generally not to be encouraged. Giving gifts of pens and lollies to children is encouraging them to learn a begging mentality [if you like to give a gift to children we can hand it onto a school]. There is no pension in India – a few rupees to a very old person or a handicapped person is very kind.

Tipping? – it is the local custom so have a pocket full of small change to be ready. If you receive a personal service – e.g. bags into or out of hotel, cup of tea through room service, laundry delivery, it is customary to give a tip [10-50 rp]. If you enjoy the commentary of a guide, a performance, take a photo of some one posing in the street etc it is customary to give them a 20-50 Rp tip. Set something aside for our driver – he will take us safely and comfortably through the adventure of many Indian roads.

Step lightly on our environment, be frugal in water use, turn off power switches, take rubbish with you where possible.

Say NO to Plastic!

Please bring a cloth carry bag.

lots of fun. On the way back to our resort we will talk a stroll through the local market, it is a great place to wander in this sleepy little town. [inc- breakfast, lunch, dinner]

Day 10- Mon 20 Nov, 2018 Mandvi/Bhuj

Heading inland to the textile hub of Bhuj, we will visit the world famous Ajrakh printers of Ajrakhpur, have their complicated and lengthy processes explained to us, look at their fantastic new water recycling plant and enjoy the hubbub of the busy workshops.

Lunch is a fabulous local thali [mixed plate meal] and fortified by that we are moving on to visit Khamir an artisan support organization and then the breathtaking Shrujan Museum. [inc- breakfast, lunch]

Day 11- Tues 21 Nov, 2018 Bhuj

Out and about today, the White Desert salt flats- a memorable landscape- it will be brilliant white salt as far as the eye can see, returning via some local tribal villages and Kala Raksha. Heading into Bhuj there is a

We have decided to use heritage hotels where we can. They are wonderful, atmospheric places and we believe it helps to keep them maintained rather than leave them deteriorating...

charming stepwell and the old memorials of past Maharajas to wander around. [inc- breakfast, lunch]

Day 15- Sat 25 Nov, 2018 Poshina

Another day in the Zenana [women's quarters of this old fort]

Much to do here- lots of relaxing, stitching, journals in the courtyard, jeeps to visit local villages, wander through the market to see the arrow makers [and yes, they are still used out there in the hills], potters and an ancient Hindu temple defaced by the last Mughal Aurangzeb hundreds of years ago. Feel like a king or queen and do nothing just relax.... Drinks of the terrace in the evening a must [inc- breakfast, lunch, dinner]

Day 16- Sun 26 Nov, 2018 Poshina/Ahmedabad

A slow morning at our fort, always hard to leave, then back to Ahmedabad, time for a little last-minute shopping and then a farewell dinner. [inc- breakfast, lunch, dinner]

Fair Trade

We support Fair Trade and Self-Help organizations where we can and so the only 'shops' listed on our itinerary come under this category.

By Fair Trade we mean those places where the products are produced with the workers being paid a 'liveable' wage. Some of these projects also support healthcare and education for the families of their workers.

The Indian Government actively supports the founding of Craft Peoples' Co-operatives, with education and marketing support, tax breaks and help with visa card access. The combined bargaining power of a Co-operatives means better prices for the workers, a combined buying power for better priced materials and being able to collectively meet the demands of the marketplace.

A Co-operative takes the power of determination into the people's own hands rather than terms being dictated to them if they work at piece work. When working at piece-work materials are delivered to them, work must be completed by a certain date and the payment is determined by the middleman.

Co-operatives lead to people empowerment and a better standard of living for the craftspeople whilst continuing ancient traditional skills.
